When it is proposed to accommodate the sick of a Regiment in a Hospital attached to Barracks, Barrack Masters will in Great Britain forward the application of the Officer commanding to the Inspector General of Fortifications: but in Ireland this application should be sent to the Deputy Quarter Master General in Dublin, agreeably to the Circular Memorandum of the 2nd August, 1858 (Enniskillen, 2—44).

THE annexed copy of a Circular Memorandum,* regarding the mode of preparing Claims for the pay of Military Working Parties, is forwarded, by direction of Mr. Secretary Herbert, for the information and guidance of Military Store and Barrack Officers.

In addition to the Rules therein laid down, the following should also be observed:—

General No. 395.

CIRCULAR, No. 476.
HOME STATIONS.

War Office, 16th September, 1859.

THE Secretary of State for War having under his consideration the question of furnishing Officers' Mess and Ante Rooms at the public expense,

Mr. Secretary Herbert is desirous of ascertaining, in the first instance, how far it will be practicable to relieve Regiments of any furniture of the description which it is contemplated to provide, which may be already in their possession.

Commanding Royal Engineers are therefore requested to confer with Officers commanding Regiments and with Barrack Masters, and to ascertain at what Barracks in their districts Regiments are in possession of any articles (their own property, not hired) of the following description of furniture, viz. carpets, rugs, window curtains and arm-chairs.

Wherever this shall be found to be the case, and the furniture is such as can be said to be suitable to the rooms, Commanding Royal Engineers are requested to ascertain from the Officer commanding whether the Regiment will be willing to part with such furniture to the War Department at a valuation.

In cases where this shall be consented to, Commanding Royal Engineers are requested, acting in conjunction with the Officer commanding, to cause a valuation to be made by some local professional person of the present value of the furniture, item by item.

Commanding Royal Engineers will then draw up and transmit to the Inspector General of Fortifications, for the information of the Secretary of State for War, a statement showing the steps taken in each Barrack in their district, and the result of the valuation wherever such shall have been made.

They will also transmit, in a separate letter, the charge of the professional valuer who may have been employed.

JOHN ROBERT GODLEY.

To Officers commanding Regiments, Commanding Royal Engineers and Barrack Masters.

War Office, 2nd September, 1859.

THE QUEEN has been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officer and Private of Her Majesty's Army, whose claims to the same have been submitted for Her Majesty's approval, on account of Acts of Bravery performed by them in India, as recorded against their names, viz.:—

78th Regiment (now of the 2nd Battalion 13th Regiment.—Lieutenant (now Captain) ANDREW CATHCART BOGLE.—Date of act of bravery, 29th July, 1857.—For conspicuous gallantry on the 29th July, 1857, in the attack at Oonao, in leading the way into a loop-holed house, strongly occupied by the enemy, from which a heavy fire harassed the advance of his regiment. Captain Bogle was severely wounded in this important service.

43rd Regiment.—Private HENRY ADDISON.—Date of act of bravery, 2nd January, 1859.—For gallant conduct on the 2nd of January, 1859, near Kurrereah, in defending against a large force and saving the life of Lieutenant Osborn, Political Agent, who had fallen on the ground wounded. Private Addison received two dangerous wounds and lost a leg in this gallant service.

WARRANTS, CIRCULARS, &c.

INCOME DUTY.—YEAR ENDING 5TH APRIL, 1860, INCLUSIVE.

ARMY.—(1859-60.)

War Office, 30th August, 1859.

By the Act of 22 & 23 Victoria, cap. 18, the amount to be stopped and deducted on account of Income Duty from the pay and allowances issued or becoming payable to Officers of the Army and others under the authority of the Secretary of State for War for any period or periods within the quarters ending respectively on the 30th September and on the 31st December next is to be calculated at the rate of 1*s.* 1*d.* in the pound in every instance in which the income of the person from all sources is not less than 150*l.* for the year, and at the rate of 8*d.* in the pound when the income is allowed by the Commissioners for Income Duty to be less than 150*l.*, but not less than 100*l.* a year. For periods during the quarter ending on the 31st March, 1860, Income Duty is to be calculated at the rate in force up to the 30th June last, viz., 5*d.* in the pound in every instance in which the income of the person from all sources amounts to 100*l.* and upwards.

The short deduction of tax from issues of pay already made during the present quarter is to be recovered out of the next payment to be made.

The annexed Tables, which have been framed for the purpose of calculating the above, are circulated for the guidance of Agents, Paymasters and others, who are Accountants to this Department.

Separate instructions will hereafter be issued to Agents and Paymasters as regards the mode of rendering the usual Income Duty Returns.

By Order of the Commissioners.

HOME STATIONS.

War Office, S. W., 27th September, 1859.

THE Secretary of State for War has decided that the Half-Billet Regulations shall be cancelled, and that as a rule no premises shall be hired for the accommodation of Troops otherwise than under the provisions of Circular No. 361.

As, however, urgent cases may arise rendering it inexpedient to delay such hire for the purpose of obtaining the Secretary of State's previous sanction, as ordered in paragraph 6 of the above Circular, the Officer commanding at the Station is authorized, under such circumstances, to approve provisionally of the recommendation of the Board of Officers appointed under that Circular, and, if he thinks fit, to order the Barrack Master to hire and equip premises for the accommodation of Troops. The Officer commanding will then report his proceedings, through the General of the District, to the

Quartermaster General of the Forces, in order that the covering sanction of the Secretary of State may be obtained to them; and in making his report, the Officer commanding will give a full explanation of the causes which rendered it necessary for him to act upon his own responsibility.

FOREIGN.

War Office, 28th September, 1859.

THE Secretary of State for War has had under consideration the inconvenience experienced by Officers and others of the Military Departments abroad in remitting a portion of their pay, by means of Treasury Bills, for their families in this country, and,

for the purpose of affording greater facilities for such remittances, has authorized the following arrangements:—

Officers belonging to the General or Civil Staff, who may desire to make remittances of any portion of their pay for the use of their families, should leave such portion undrawn at their respective Stations, and should report the circumstance to the Accountant-General, transmitting with such report a certificate from the Military Accountant, showing the specific sums left undrawn, and stating the names and addresses of the persons to whom they wish the payments to be made. The income tax, however, should be assessed at the Station upon the whole amount of the Officer's pay.

The Military Accountant, immediately upon the expiration of each month, will transmit to the Accountant-General a statement of all sums so left undrawn, upon the receipt of which instructions will be given for the issue of the several amounts to the persons authorized to receive the same.

Regimental Officers serving at any Foreign Station are permitted to avail themselves of the regulations for remittances from India laid down in Article No. 234 of Explanatory Directions attached to War Office Regulations of 1848, and in Circular No. 452, dated 2nd August, 1859.

IT has been decided, that Regimental Officers serving on the Staff with the Army in China are to draw their *Regimental Pay* as well as Staff Pay from the Military Accountant, whether their Regiments be on the Station or not; and care is to be taken that in every instance in which the issue of the Regimental Pay shall be transferred from the Paymaster or Agent to the Military Accountant, or *vice versâ*, the prescribed pay certificate be prepared in duplicate, the original to be annexed to the Account in which the pay is for the future to be charged, and the duplicate to the Account in which the pay will cease to be charged.

1. Leave of absence granted under this order to Officers may commence as soon as the Half-yearly Inspection shall have been made. Furloughs granted to Non-commissioned Officers and Soldiers may commence from the 1st of the next month.
2. These indulgences are to terminate on the 10th of March next, when, agreeably to Her Majesty's Regulations, all Officers and Soldiers are to be present with their respective Regiments and Depôts.
3. One Field Officer, one-half of the Captains and one-half of the Subaltern Officers are always to be present.
4. No Officer (except in the performance of duty or for the purpose of joining his Regiment) is to quit the United Kingdom without having first received Her Majesty's special permission, according to the regulation on that head.
5. Officers employed on the Recruiting Service or upon the Staff of the Army are not to be included in the number hereby fixed for the constant duty of the Regiment or Depôt.
6. The applications for leave for Regimental Paymasters and Medical Officers are to continue to be made in the mode prescribed in the Regulations and Orders for the Army.
7. In cases of short leave of absence being requested by Adjutants, Riding Masters, Quartermasters or Veterinary Surgeons of Regiments, it will be necessary that a special report be made as to the mode in which their duties are to be performed during their absence, and that the Commanding Officer is satisfied,

8. The proportion of Non-commissioned Officers, Trumpeters, Drummers and Private Men, to whom furloughs may be granted, is not to exceed ten per Troop or Company. Commanding Officers of Regiments returning from India may exercise a liberal discretion in granting furloughs to Soldiers who came home with their Corps.

When Corps are not stationed in Garrisons or Military Districts, the Officers commanding are at liberty to use their discretion in granting the indulgence of leave of absence under the foregoing restrictions to the Officers and Soldiers under their command, reporting the same to the Adjutant General.

His Royal Highness expects that the General and other Officers, who are empowered to grant leave of absence under the provisions of this order, will strictly confine that grant to the proportion of Officers herein specified.

By Command of His ROYAL HIGHNESS
THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,
Adjutant General.

V.—General No. 509.

MY LORD, *War Office, 14th October*, 1859.

I HAVE the honor to inform you that Her Majesty's Government have determined to issue immediately to Rifle Volunteer Corps an additional supply of long Enfield rifles (pattern 1853) to the extent of twenty-five per cent. on the effective strength of the Corps. This supply will raise the aggregate issue to fifty per cent. on the effective strength of the Force; and I have to request that you will be good enough to communicate this decision of the Government to the Commanding Officers of the various Corps in your county, who should at once forward the prescribed requisitions to this Office for such portion of the supply as they may be entitled to under the regulations.

At a later period I shall be prepared to issue a third instalment of arms of the same pattern as the fifty per cent. now granted. And I hope to be in a position, in the course of next summer, to supply the short rifles with sword bayonet, to a limited extent, in exchange for the long one at present issued.

I have the honor to add that the amount of ammunition for effective members to be issued at cost price, on the requisition of the Commanding Officer, is raised from 100 rounds ball per man, 60 ditto blank per man, 176 percussion caps per man, 20 percussion caps per man for snapping practice, as laid down in the Memorandum of 13th July, to 200 rounds ball per man, 120 rounds blank per man, 352 percussion caps per man, 40 percussion caps per man for snapping practice.

I have the honor to be, my Lord,
Your obedient Servant,

Her Majesty's Lord Lieutenant for ——. SIDNEY HERBERT.

REGULATIONS FOR THE ADMISSION OF GENTLEMEN CADETS TO THE ROYAL MILITARY ACADEMY, WOOLWICH.

Horse Guards, S. W., 1st October, 1859.

N.B.—ALL Candidates for Commissions in the Royal Artillery and Royal Engineers are required to go through a course of instruction at the Royal Military Academy.

I. Competitive Examinations for admission will be held in London twice a year, in January and July. They are conducted by Examiners appointed for the purpose, in the presence and under the superintendence of the Council of Military Education.

The Candidates must be between sixteen and twenty years of age.

II. The admissions will be determined by the result of a competitive examination, the subjects of which will be as follows, viz.:—

		Marks.
1. Mathematics	Pure	2,000
	Mixed, *i. e.* Statics, Dynamics and Hydrostatics	1,500
		3,500
2. English	Language, Literature and Composition	1,000
	History and Geography of England and its Dependencies	1,000
		2 000
3. Classics	Latin: Language and Literature	1,000
	Latin: Geography and History of Ancient Rome ...	500
		1,500
	Greek: Language and Literature	1,000
	Greek: Geography and History of Ancient Greece	500
		1,500
4. French Language and Literature		1,000
5. German ditto ditto		1,000

The examination in French and German will be both written and *viva voce*.

6. Hindustani Language	1,000
7. Experimental Sciences, *i. e.* Chemistry, Heat, Electricity, including Magnetism	1,000
8. Natural Sciences, *i. e.* Mineralogy and Geology	1,000
9. Drawing: Elementary Geometrical Drawing, including the use of Drawing Instruments	500
Drawing: Machinery, Architectural, Topographical, Landscape or Figure Drawing	500

III. No Candidate will be allowed to be examined in more than five subjects of which one must be Mathematics, and no one who does not obtain at least 1,000 marks in Mathematics, of which 700 at least must be in Pure Mathematics, will be eligible for an appointment.*

From the other subjects of examination each Candidate may select any, not exceeding four in number, in which he desires to be examined; but no one will be allowed to count the marks gained in any such subject, unless those marks shall at least amount to one-sixth of the total number of marks allotted to that subject or section of a subject.

In *English*, it will be understood that by gaining one-sixth of the marks allotted to Language, Literature and Composition a Candidate will be entitled to count in the first section of the subject; and in like manner, by obtaining one-sixth of the marks allotted to History and Geography, he will be entitled to count in the second; but no amount of marks gained in one section will entitle him to count those gained in the other if below the prescribed minimum.

In *Classics*, the same rule applies as regards counting on one or other of its two sections (Latin and Greek), as has been explained in reference to the two sections of English; but, in addition, it must be further stated, that unless one-sixth of the 1,000 allotted to the Latin Language and Literature has been gained, a Candidate will not be allowed to count the marks gained in Latin History and Geography, even though above

* N.B.—The Examination in Arithmetic, Algebra, Plane Geometry, Logarithms and Plane Trigonometry will be close and searching.

the required minimum of one-sixth of the 500 marks allotted to them; and similarly as regards the Greek Language and Literature, and the Greek History and Geography.

In *Drawing* also the same rule applies as regards counting, as has been already explained in reference to the two sections of English.

In either *French* or *German*, every Candidate will be required to obtain at least 100 marks for qualification in the Language alone; and in *Geometrical Drawing* at least 50 marks, whether he takes them up as subjects in which he desires to compete or not.

It should be clearly understood by Candidates that, though only a very small qualifying test has been imposed in respect to French or German in the examination for admission, a qualification is required to be obtained at the Royal Military Academy, in either one or the other of these languages, before a Cadet can obtain his commission.

IV. No Candidate will be admitted into the Royal Military Academy unless he obtain an aggregate of at least 2,500 marks.

V. The Candidates will not, as heretofore, be restricted to the answering of one question only out of each set of three questions, but will be allowed to answer as many as the time allotted to the subject will permit.

VI. The successful Candidates will remain under instruction at the Academy for about two years and a half, or until they are sufficiently advanced in scientific knowledge to pass a satisfactory examination, and they will then receive commissions in the Royal Artillery or Royal Engineers. If, however, they should be found unable to qualify themselves within a reasonable time in their professional studies, or to acquire a sufficient proficiency in Military Exercises, they will be subject to removal.

VII. Each Cadet on joining the Academy will be required to pay a sum of 25*l.* to cover the expense of Uniform, Books, &c., and to produce the following articles, which must afterwards be kept up at his own expense, viz.:—

9 White Shirts.	1 Clothes Brush.
4 Flannel Waistcoats.	2 Combs and Brush.
9 Pair of Socks.	1 Bible and Prayer Book.
6 Pair of Drawers.	1 Looking Glass.
9 Pocket Handkerchiefs.	1 Portmanteau.
6 Towels.	

He will also be required to pay a contribution of 62*l.* 10*s.* payable in advance, for each half-year of the time during which he remains at the Academy. The annual contributions, however, for sons and orphans of Naval and Military Officers will be regulated at the following rates, as heretofore:—

For sons of Admirals and of Generals having Regiments	£80
For sons of Generals without Regiments	70
For sons of Captains and Commanders of the Navy, and of Colonels and Regimental Field Officers of the Army	60
For sons of all Officers of the Army and Navy under the above Ranks	40
For sons of Officers of the Army and Navy who have died in the service, and whose families are proved to be left in pecuniary distress	30

The sons of General Officers paid only on their Commissions as Field Officers will pay the same contribution as the sons of Field Officers.

The sons of Officers on full or half-pay will pay alike; but the sons of Officers who have voluntarily retired on half-pay, *or received the difference*, will only be admitted on the terms prescribed for the sons of private gentlemen, viz. 125*l.* per annum.

The sons of Officers of the Civil Departments of the Army are admissible to the Academy upon the same terms as those prescribed for Naval and Military Officers.

VIII. Any gentleman who wishes to present himself at one of the half-yearly Examinations must send in his name to the Military Secretary at the Horse Guards one month before the time of Examination, forwarding with his application to be noted the following papers:—

1st. An extract from the register of his baptism, or, in default of that, a certificate verified by affidavit.

2nd. A certificate of good moral character, signed by a clergyman of the parish to which he belongs, and by the tutor or head of the school or college at which he has received his education for at least two years, or such other proof of good moral character as will be satisfactory to the Commander in Chief.

3rd. A statement of the Subjects of Examination in which (in addition to Mathematics) he may desire to be examined.

A Candidate who has been examined before, when he applies for leave to present himself again will only be required to forward the list of subjects he selects, and a

certificate from his tutor or head of school, &c., for the interval between the two examinations.

XI. The Candidates will be inspected by Military Surgeons on the first day of the examination, that it may be ascertained that they are free from any bodily defects or ailments calculated to interfere with the performance of Military duties.

Extreme short-sight, or any serious defect of vision, is regarded as a disqualification.

C. YORKE,
Military Secretary.

The documents in question are to be rendered annually, by every Corps, whether completed or not in the prescribed yearly course; and in cases where the course has been omitted, or not completed, a statement fully explaining the causes that have delayed, or prevented, the instructions, is to accompany the Annual Musketry Return.

No application for rewards for Good Shooting will be entertained, if transmitted after the dates above specified.

By Command.

RULES FOR THE EXAMINATION OF ASSISTANT-SURGEONS PREVIOUS TO PROMOTION.

Examinations for Promotion.

This examination is intended as a test for promotion, and may be taken at any time after the Assistant-Surgeon has served five or more years.

When Assistant-Surgeons have served the requisite time they will be examined in the following manner:—

A series of printed questions, prepared by the Examining Board, will be sealed and sent by the Director-General to the Principal Medical Officers of Stations where Assistant-Surgeons may be eligible for examination. It will be the duty of the Principal Medical Officer of the Station to deliver these sealed questions to the Assistant-Surgeons, and to see that they are answered without the assistance of books, notes, or communication with any other person. The answers are to be signed, and delivered sealed, to the Principal Medical Officer, who is to send them unopened to the Director-General, together with a certificate from the Surgeon of the Regiment, or other superior Medical Officer, that the Assistant-Surgeon has availed himself of every opportunity of practising surgical operations on the dead body.*

The Assistant-Surgeon will also be required to transmit, together with his answers to the Director-General, a Medico-Topographical account of the Station where he may happen to be at the time, or of some other Station where he may have been resident sufficiently long to enable him to collect the necessary information for such a report. Failing this, he will send a Medico Statistical Report of his Regiment for a period of at least twelve months.

If the Examining Board is satisfied with the replies to the questions, and the Director-General is satisfied with the certificates and with the Medico-Topographical or Statistical Report, the Assistant-Surgeon will be held qualified for promotion.

The Assistant-Surgeon will thus be subjected to three separate examinations within the first ten years of his service, each examination having a definite object. The FIRST, to ascertain, previous to his admission into the service as a candidate, his scientific and professional education, and to test his acquirements in the various branches of professional knowledge. The SECOND, after having passed through a course of special instruction in the Army Medical School, to test his knowledge of the special duties of an Army Medical Officer; and the THIRD, previous to his promotion, to ascertain that he has kept pace with the progress of Medical Science.

THE VICTORIA CROSS

CONTINUED FROM

"*The Monthly Army Lists*" of March, June, July, October and December, 1857, January, February, May, July, September, October and November, 1858, and January, February, May, June, July, August and October, 1859.

War Office, 21st October, 1859.

THE QUEEN has been graciously pleased to signify her intention to confer the Decoration of "The Victoria Cross" on the under-mentioned Officers and Private Soldier of Her Majesty's Indian Military Forces, whose claims to the same have been submitted for Her Majesty's approval, on account of Acts of Bravery performed by them in India, as recorded against their several names, viz. :—

5th Bengal European Cavalry.—Major CHARLES JOHN STANLEY GOUGH.—Dates of acts of bravery, 15th and 18th August, 1857, 27th January and 23rd February, 1858.—First, for gallantry in an affair at Khurkowdah, near Rhotuck, on the 15th of August, 1857, in which he saved his brother, who was wounded, and killed two of the enemy. Secondly, for gallantry on the 18th of August, when he led a Troop of the Guide Cavalry in a charge, and cut down two of the enemy's sowars, with one of whom he had a desperate hand to hand combat. Thirdly, for gallantry on the 27th of January, 1858, at Shumshabad, where, in a charge, he attacked one of the enemy's leaders, and pierced him with his sword, which was carried out of his hand in the melée. He defended himself with his revolver, and shot two of the enemy. Fourthly, for gallantry on the 23rd of February, at Meangunge, where he came to the assistance of Brevet Major O. H. St. George Anson, and killed his opponent, immediately afterwards cutting down another of the enemy in the same gallant manner.

60th Bengal Native Infantry.—Brevet Captain ROBERT HAYDON SHEBBEARE.—Date of act of bravery, 14th September, 1857.—For distinguished gallantry at the head of the Guides with the 4th column of assault at Delhi, on the 14th of September, 1857, when, after twice charging beneath the wall of the loopholed Seral, it was found impossible, owing to the murderous fire, to attain the breach. Captain (then Lieutenant) Shebbeare endeavoured to reorganise the men; but one-third of the Europeans having fallen, his efforts to do so failed. He then conducted the rear guard of the retreat across the canal most successfully. He was most miraculously preserved through the affair, but yet left the field with one bullet through his cheek and a bad scalp wound along the back of the head from another.

19th Madras Native Infantry.—Captain HERBERT MACKWORTH CLOGSTOUN.—Date of act of bravery, 15th January, 1859.—For conspicuous bravery in charging the rebels into Chichumbah with only eight men of his Regiment (the 2nd Cavalry Hyderabad Contingent), compelling them to re-enter the town, and finally to abandon their plunder. He was severely wounded himself, and lost seven out of the eight men who accompanied him.

72nd Bengal Native Infantry.—Lieutenant HARRY HAMMON LYSTER.—Date of act of bravery, 23rd May, 1858.—For gallantly charging and breaking, singly, a skirmishing square of the retreating Rebel Army from Calpee, and killing two or three Sepoys in the conflict. Major General *Sir* Hugh Henry Rose, *G.C.B.*, reports that this act of bravery was witnessed by himself and by Lieut. Colonel Gall, *C.B.*, of the 14th Light Dragoons.

Madras Engineers.—Lieutenant HARRY NORTH DALRYMPLE PRENDERGAST.—Dates of acts of bravery, 21st November, 1857, and other occasions.—For conspicuous bravery on the 21st November, 1857, at Mundisore, in saving the life of Lieutenant G. Dew, 14th Light Dragoons, at the risk of his own, by attempting to cut down a Velaitee, who covered him (Lieutenant Dew) with his piece, from only a few paces to the rear. Lieutenant Prendergast was wounded in this affair by the discharge of the piece, and would probably have been cut down had not the rebel been killed by Major ORR. He also distinguished himself by his gallantry in the actions at Ratgurh and Betwa, when he was severely wounded. Major General *Sir* Hugh Rose, in forwarding his recommendation to this Officer, states:—"Lieutenant Prendergast, Madras Engineers, was specially mentioned by Brigadier, now *Sir* Charles Stuart, for the gallant act at Mundisore, when he was severely wounded. Secondly, he was 'specially mentioned' by me when acting voluntarily as my Aide-de-Camp in the action before besieging Ratgurh, on the Beena river, for gallant conduct. His horse was killed on that occasion. Thirdly, at the action of 'The Betwa,' he again voluntarily acted as my Aide-de-Camp, and distinguished himself by his bravery in the charge which I made with Captain Need's Troop, Her Majesty's 14th Light Dragoons, against the left of the so-called Peishwa's Army, under Tantia Topee. He was severely wounded on that occasion."

3rd Bombay European Regiment.—Private FREDERICK WHIRLPOOL.—Dates of acts of bravery, 3rd April and 2nd May, 1858.—For gallantly volunteering on the 3rd of April, 1858, in the attack of Jhansi, to return and carry away several killed and wounded, which he did twice under a very heavy fire from the wall; also for devoted bravery at the assault of Lohari on the 2nd of May, 1858, in rushing to the rescue of Lieutenant Doune, of the Regiment, who was dangerously wounded. In this service Private Whirlpool received seventeen desperate wounds, one of which nearly severed his head from his body. The gallant example shown by this man is considered to have greatly contributed to the success of the day.

MEMORANDUM.

Ensign Everard Aloysius Lisle Phillipps, of the 11th Regiment of Bengal Native Infantry, would have been recommended to Her Majesty for the Decoration of "The Victoria Cross," had he survived, for many gallant deeds which he performed during the Siege of Delhi, during which he was wounded three times. At the assault of that city he captured the Water Bastion, with a small party of men, and was finally killed in the streets of Delhi on the 18th of September.

ARTIFICIAL ARMS AND LEGS.

THE Lords and others Commissioners of Chelsea Hospital having at the suggestion and recommendation of the Secretary of State for War, made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force:

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the Person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the communi or with the sanction of Her Majesty. [illegible] no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

(MAGIC LANTERN SLIDES.)

SIR, *War Office, 1st November*, 1859.

I AM directed by Mr. Secretary Herbert to inform you that arrangements have been made to provide a regular supply of Magic Lantern Slides for the illustration of the Lectures that may be given to the Troops under your command on the subjects specified in the accompanying list, No. 3.

To insure regularity in the circulation of the boxes of slides, the following regulations have been drawn up for the guidance of those to whom the boxes may be entrusted:—

1. The boxes are to be sent to the Stations specified in the accompanying list, No. 4.

2. No box is to be kept at any Station longer than three weeks.

3. At the end of the three weeks each box is to be forwarded to the Station next in order on the list.

4. As soon as a box has been forwarded, the Form No. 1, properly filled up, is to be sent to the address given at the bottom of the form.

5. The Form No. 2 is to be filled up and sent to the same address on the receipt of a box of slides.

6. When any of the slides are broken or injured, full particulars respecting the damage done are to be written on the margin of Form No. 2.

7. The slides must be carefully placed in each box, and the spaces between the slides and the sides of the box filled up with the wool which has been supplied for this purpose. The slides must be properly packed to prevent breakage in the transit.

8. Each box is to be carefully locked, wrapped up in strong paper and addressed to

The Officer Commanding,
Camp, Depôt, &c.,
[*Town or City.*]
[*County or Country.*]

On the upper left hand corner of the box insert
"*Magic Lantern Slides,*"
and on the lower left hand corner,
"*Per Rail, &c.*"

9. As some of the keys of the circulating boxes have been lost, a pass-key will in future be sent to the Schoolmaster of each of the Camps, Garrisons &c., to which the boxes of slides will be transmitted. This pass-key is to form a part of the School property; and when a Schoolmaster is moved to another Station, he is to transfer the key and any boxes that may be in his possession to his successor. Should a pass-key be lost by any Master, he must provide a new one at his own expense.

10. The circulation of the boxes is to cease on 1st April, 1860, and to re-commence on the 10th day of October.

11. That the Lecturer may have the means of obtaining the information necessary for the various lectures, suitable text books, a list of which is enclosed, No. 3, will be supplied to such of the libraries, at the Stations among which slides will henceforward circulate, as do not already possess them. As the boxes are transmitted to the Stations

CIRCULAR, No. 497—*continued.*

in succession, each Schoolmaster will find, on referring to the list, the subject on which he will have to lecture when the next box of slides shall reach the Station to which he is attached.

12. All communications respecting the magic lanterns, the lectures, &c., are to be addressed to

Walter McLeod, Esq.,
Royal Military Asylum,
Chelsea.
London, S.W.

13. The following hints may be useful to Lecturers:—

(1.) As a general rule, it is not advisable that the Lectures should exceed an hour in delivery.

(2.) The lectures should be made as interesting as possible. Statistical and dry details ought to be omitted, unless the Lecturer considers it absolutely necessary that such should be mentioned for the sake of illustration or comparison.

(3.) All explanations should be in clear and simple language; but, where technical and scientific terms are necessary, they should be explained and rendered as intelligible as possible, having reference to the class the Lecturer is addressing.

I have the honor to be, Sir,
Your obedient Servant,

The Officer commanding ——

General No. 1096. CIRCULAR, No. 498.

SIR, *War Office, 7th November*, 1859.

HAVING, in conjunction with His Royal Highness the General Commanding-in-Chief, considered that the existing arrangements for maintaining the stores in possession of the Commanding Officer Royal Artillery and the Military Storekeeper in a state of perfect efficiency require revision, I have the honor to transmit for your information and guidance the enclosed amended regulations, which contain :—

1. Special directions and heads of inquiry, to be substituted for those relating to the *Artillery* and *Store* Branches, inserted in Circular of the 19th October, 1857, No. 156.
2. Regulations relative to the office and duties of the "Inspectors of Warlike Stores and Fire Masters" at Foreign Stations.
3. Form of the yearly Inspection Report of the General Commanding on the Military Store Branch.
4, 5, 6. Instructions to Officers taking surveys and remains of stores, in charge of the Military Storekeepers.

As you are responsible for the efficiency in every particular of the Garrison under

CIRCULAR, No. 498—*continued.*

your command, I am of opinion that by a close attention to the duties of inspection as prescribed by this Circular, you will be able at all times to satisfy yourself as to the state of the Stores in charge of the Officer commanding Royal Artillery and the Military Storekeeper.

I have the honor to be, Sir,
Your obedient servant,

The General or other Officer commanding the Forces at ——. SIDNEY HERBERT.

REGULATIONS FOR THE CUSTODY AND INSPECTION OF WARLIKE STORES, &c.

No. 1.—The following SPECIAL DIRECTIONS and HEADS OF INQUIRY are substituted for those relating to the ARTILLERY and STORE BRANCHES inserted in Circular 19th October, 1857, No. 156.

Artillery Branch.

1. Are the ordnance, carriages and traversing platforms mounted on the several defences kept in serviceable condition and working order, and, with their proportions of side arms and small stores, under proper military protection? Do any of the carriages want painting, or the guns or shot lacquering? and when was this last done to them?

2. What are the proportions of made-up ammunition allotted for immediate service of the mounted ordnance? Is this quantity, in your opinion, sufficient? What quantity is loose in the bays? and how much made up in cases or barrels? Are the expense magazines in proper condition, and under adequate military protection? Are they bomb proof?

3. Are the service field guns, with their carriages, ammunition and equipments, in efficient condition, and under suitable cover and protection?

4. Are the military stores in possession of the Commanding Officer of Artillery of a thoroughly efficient and serviceable character, in every respect fit for the requirements of the service, and in just proportions? If there is excess or defect of any articles, enumerate them.

Military Store Branch.

1. ***Annual Survey.***—With a view to ascertaining the state and number of the stores actually in possession of the Military Storekeeper, you will each year, or oftener if required, appoint a properly qualified officer (*to be assisted in the duty by Naval and Military Officers*) for the purpose of effecting a survey of the stores in charge of the Military Storekeeper, who will certify as to the general condition of the stores, the way in which they are kept, and whether any portion of them is obsolete or unfit for service from any cause, and he will also certify to the general correctness of the numbers on charge, by selecting such articles as he may think proper, and causing them to be counted or weighed, so that from these examples an approximate opinion may be formed as to the state of the General Store. This survey must be held so as to enable you to report to the Secretary of State not later than the month of October in each year. (*See Instructions.*)

2. ***Quinquennial Remains.***—Once in every five years, you will cause a complete remain or taking of stock to be effected in lieu of the above survey, and appoint a properly qualified officer to perform that duty. (*See Instructions.*)

3. In order to insure that all munitions of war in charge of the Commanding Officer of Artillery and Military Storekeeper are kept in a thorough state of *efficiency*, you are requested to direct the Commanding Officer Royal Artillery, and the Storekeeper, to make an inspection at least once in six months, or oftener if necessary, of all such munitions; and that this inspection may be performed effectually in every respect, they are to be assisted by a competent officer to be designated Inspector, or Assistant Inspector, of Warlike Stores, and Firemaster. (*See Regulations* annexed.) Powder, rockets, fuzes, ammunition and other combustible stores are to be subjected to the minutest examination and the requisite proof; and you are to report the results of this inspection, *in detail*, to the General Commanding in Chief, for the information of the Secretary of State for War. These inspections should be made at such periods of the

CIRCULAR, No. 498—*continued.*

year as will allow of the reports to arrive in England in the months of October and April.

4. In order to secure the best mutual intelligence between Departments which, in some respects, are dependent on one another, and a knowledge of each other's wants and resources, it is desirable that the Officer commanding the Royal Artillery, the Commanding Royal Engineer and the Military Storekeeper should once a year, or oftener if necessary, make a conjoint inspection of the Works, Magazines, Stores, Workshops, &c., of all their Departments, not as a Board, or with any view to a joint report, but that neither should have any excuse for not being personally acquainted with anything that the interest of the Service requires him to know in the departments of the other, and for the opportunity that would thus be afforded to each of calling attention on the spot to requirements which it may be the departmental duty of the others to know. A minute of their meetings should be entered by the Military Storekeeper, as the most permanent of the three Officers, in his journal or day-book, and a certificate that such inspections have been made, stating the names of the Officers attending, and when, should be handed to you, preparatory to your making your Annual Inspection Report.

5. As the full proportion of military stores required to maintain the efficiency of the service includes those to be kept in charge of the Commanding Officer Royal Artillery, together with those held in reserve by the Military Storekeeper, these Officers will consider their respective annual demands conjointly, with reference to their united store, making due allowance for the proportion (if any) which may be required to be maintained for the Navy. Should it be needful at any intermediate periods to increase the store, or to replace any articles found defective, unserviceable or otherwise unfit for the service, you will direct those officers to propose, in like manner, demands for your approval and transmission to the Secretary of State for War, to supply their respective wants.

6. As it is also of importance that the store of entrenching tools should be adequately maintained, the demands for them should form the subject of special consideration. The Military Storekeeper should, therefore, at the proper period of the year, communicate with the Commanding Royal Engineer on the *state* and *number* of entrenching tools and other materials of the Engineers for military operations, in store, and upon their conjoint consideration the Storekeeper's demand should be prepared and submitted for your approval. (*See Engineer Regulations*, section 9, page 44.)

7. As a general rule you are requested to see that all demands for stores, and applications for additional temporary assistance, or increase of the pay of temporary Clerks and other subordinates of the several branches, are supported by explanations sufficient, in your opinion, to warrant their transmission for the approval of the Secretary of State for War.

8. That the storehouses and magazines may be kept unencumbered by obsolete, unserviceable and useless stores, the Commanding Officer of Artillery is to return all such without delay to the Military Storekeeper, by whom they will be brought under the usual half-yearly survey with similar stores in his own charge, and steps taken agreeably to the regulations of the service, for their disposal.

9. Your attention is requested to the General Order 19th April, 1856 (Z—1296—3), which directs that no stores belonging to this department are to be furnished to or for the service of, any Colonial Governments, until the sanction of the Secretary of State for War had been obtained, except upon a certificate of emergency from the Governor of the Colony, and by your authority, which should be reported; and, also, that all stores supplied to Colonial Governments are to be paid for, unless otherwise specially directed by the Secretary of State for War.

10. Your order will be required for all issues of stores not previously sanctioned by authority from this office, and you will without delay report such order to the Secretary of State, explaining at the same time your reasons for granting it.

11. The annual certificate for increase of pay for the Head of the Store Branch in your Command will in future be submitted to you for approval or otherwise as you may think fit. You will also transmit the half-yearly confidential report respecting that officer, as prescribed by Circular No. 255.

12. You will transmit answers to the several queries in the annexed form of the yearly Inspection report, together with such other observations as you may think it your duty to bring to the notice of the Secretary of State for War.

No. 2.—REGULATIONS for the Office and Duties of INSPECTORS of WARLIKE STORES and FIREMASTERS at FOREIGN STATIONS.

1. These Officers will be divided into two classes, designated—
1st. Inspector of Warlike Stores and Firemaster.
2nd. Assistant ditto ditto.

Officers of the Royal Artillery will be selected for the execution of these duties, and the appointment will be held, as a general rule, for five years. The pay of the "Inspector" will be 5*s.* per diem, with forage allowance for one horse; and that of the "Assistant Inspector" will be 2*s.* 6*d.* per diem, without forage, the same as that of the existing Assistant Firemaster.

2. Previously to appointment these Officers will have to pass through a course of instruction in the manufacturing departments, and receive a certificate of competency from the respective Superintendents.

3. They will be stationed as follows:—

Inspectors of Warlike Stores and Firemaster.	Barbadoes.
	Cape Town.
	Gibraltar.
	Halifax, N.S.
	Hong Kong.
	Malta.
	Quebec.
Assistant Inspectors of Warlike Stores and Firemaster.	Corfu.
	Mauritius.
	St. Helena.
	Ceylon.
	Bermuda.

4. The Inspectors and Assistant Inspectors will perform all the duties hitherto performed by the Assistant Firemaster, and also effect, or supervise, if effected by the Military Storekeeper, any repair which it may be desirable to execute at the stations in the fitting of guns or in carriages, &c. In these duties of manufacture or repair, these officers will communicate with, and be under the direction of the Superintendents of the Manufacturing Departments concerned, while, as respects their duties as Inspectors, they will be under the orders of the Commanding Officer of Royal Artillery.

5. It will be their duty to assist the Commanding Officer of Royal Artillery and Military Storekeeper in the half-yearly or other inspection of munitions of war, in charge of the Commanding Officer of Royal Artillery and the Military Storekeeper.

6. They will prepare the annual report of the proof of powder, and transmit it to the Superintendent of Royal Gunpowder Factory at Waltham Abbey, in time to arrive in England in the month of October in each year.

7. The annual proof report of powder is to be countersigned by the Military Storekeeper, to show that he has been made acquainted with the state of the powder in his charge, and thus enabled to take steps, with the sanction of the General Commanding, to replace such quantities found unserviceable (if any) as may be necessary.

8. The general duties of these Officers as Firemasters of the laboratories at foreign stations will be to repair or remake laboratory stores, or to manufacture such as may be wanted on emergencies, when time will not allow of supplies from England, and to attend carefully to the condition of all combustibles in the different magazines at the station or within the command, viz.:—

Powder in barrels, or made up into cartridges.
Small-arm ammunition, ball and blank.
Shells, carcases, rockets, fuzes, tubes.
Composition of sorts.
Portfires, quickmatch, &c. &c. &c.

9. They will from time to time inspect the magazines to ascertain that the regulations as to stowage, ventilation, &c. are properly observed.

10. Previously to any issues of the before-mentioned stores for service, they will, on the requisition of the Military Storekeeper, examine them, and ascertain that they are in a serviceable state and fit for issue.

11. In like manner, on the return of any of these Stores from ships of war or any other service, they will be called upon to examine and certify their state and condition, in order that they may be correctly brought upon the Storekeeper's charge.

CIRCULAR, No. 498—*continued.*

12. Stores will be made, remade or repaired by them, so far as the means of the Station afford, on the requisition of the Military Storekeeper, sanctioned by the General or other Officer commanding the Troops.

13. The only articles to remain in the permanent charge of these Officers are implements for use, and such few materials as may be necessary for departmental purposes, which should be annually demanded through the Military Storekeeper, who will incorporate them, with the demands from other services at the Station, in his annual demand transmitted to the Secretary of State for War.

14. These Officers will keep a *Store Ledger*, showing all the tools, implements, &c. in use; the materials received and converted in the manufacture or repair of Stores; also the number of Stores delivered to the Military Storekeeper. A copy of this ledger is to be transmitted, with its vouchers, for examination to the Secretary of State for War, on the 31st March in each year.

15. All Stores made, repaired or examined are to be immediately delivered to the Military Storekeeper, in order that the total available charge at the Station may be distinctly shown in the aggregate of the accounts of the latter Officer.

16. The Inspector of Warlike Stores and Firemaster is to report quarterly to the Superintendents of the respective manufacturing departments, for the information of the Secretary of State for War, the work performed under his direction, the number of persons employed and the materials expended, agreeably to the regulations, Form "Foreign E.," "W. O., No. 1,158."

17. All vouchers for expenditure incurred by the Inspector of Warlike Stores and Firemaster, whether in the purchase of materials or in pay on wages, will, as directed in Art. 16 of "Instructions for the Conduct of Cash Business of the War Office abroad," dated 19th October, 1857, with respect to the executive Officers, be prepared by them and transmitted to the Military Accountant, with an order thereon for payment in the prescribed form.

18. In order that full and accurate knowledge of the peculiarities of these Stores may be available for the information of the Storekeepers, Inspectors and other Officers concerned, patterns or lithograph drawings of all new or altered munitions of war, with descriptions of their natures and the services to which they can be applied, will be sent with the first supply. These are to be kept in charge of the Military Storekeeper, properly arranged for inspection, with an alphabetical list thereof, showing the dates of approval and when received, together with such other explanatory information as may be necessary.

19. As the responsibilities of the Inspectors and Military Storekeepers are distinct and independent, whilst their duties are very closely connected, it is essential that a cordial co-operation be maintained in all their arrangements necessary for the due performance of these important services.

No. 4.—INSTRUCTIONS to ——, nominated by ——, to take the SURVEY OF STORES in Charge of ——, Military Storekeeper at ——, under the Circular Order of the Secretary of State for War, dated ——, 1859, No. ——.

Dated ——, 18—.

1. Having nominated you to act in behalf of Her Majesty's Secretary of State for War, you are to join in a survey to be taken of all the Military Stores in charge of

Digitized by Google

——, the Senior Military Store Officer at ——, in which duty that Officer is to participate. For the Naval Stores a Naval Officer, and for the Military Stores a combatant Military Officer will be added to the committee; if it so happen that any one or more of such additional Officers do not attend to form a part of the committee, the survey is to proceed without them; *but the reason of any absence is to be noted in your report to me.*

2. Having apprised the Admiral or Senior Naval Officer at the Station that a survey is about to be taken, and requested him to appoint a Naval Officer to assist in this duty, you will meet the Officer whom he may nominate at the Military Store Office at the time ordered for its commencement.

3. Although the survey is not intended to be *minute* stock-taking, you will nevertheless take care to satisfy yourself *generally* that the apparent numbers or quantities correspond in your opinion with the figures expressed in the Store Ledger; you will therefore have recourse to a tally, to the scales or the measure as often as you may think it necessary to verify the exact quantity. For instance, you will count cases or packages of arms or of any other articles, first ascertaining the contents of one, two or three cases taken *indiscriminately* from the whole, and you will estimate on these data the whole quantity or number of the articles. With respect to loose articles you will select such as you may think proper to count, weigh or measure for comparison.

4. When the survey shall be completed, a report is to be prepared, stating that in the opinion of the committee the several Stores enumerated in the ledger are actually on the War Department premises at the Station or otherwise, as it may be found, and a list is to be added of such Stores as have been actually compared with the ledger, showing their agreement or disagreement, as the case may be. This report is to be signed by all present at the survey, and will terminate the labours of the committee.

5. You will by every means in your power endeavour to close the survey in as short a time as the nature of the duty will allow.

6. You will be particular at the first assembling of the committee to present these instructions for the perusal of every Officer who is to co-operate in the survey as a member of the committee.

7. You will be further guided in the survey by the Ordnance Regulations, more especially as laid down in the following Orders, which the Military Storekeeper will produce for your information, viz.:—23rd April, 1823; 23rd July, 1827 (S.—4,318); 11th July, 1847 (E.—2,442); 15th August, 1853 (H.—161). And you will ascertain and state in your report whether the Military Store Officer adheres to the Regulations or not.

(*Signature.*)

No. 5.—INSTRUCTIONS for the more immediate Guidance of the Officers appointed to conduct the SURVEY OF STORES in Charge of the Military Storekeeper at ——, under the Circular Order of the Secretary of State for War, dated ——, 1859, No. ——.

Dated ——.

The Naval and Military Officers—

Will satisfy themselves as to the state of the Stores, and report whether *they are* or *are not*, to the best of their belief, in good condition and fit and ready for immediate issue for service.

The Gentleman who acts on behalf of the Secretary of State for War—

After the survey shall have closed, will ascertain from the Senior Military Store Officer whether the quantity of Stores in his charge is sufficient to meet the probable wants of the Service; the particular articles, if any, that may be considered surplus and available for service at other Stations, as also any that may be wanted to complete the Stores to their proper proportions. These particulars he will specify in a report to me, enclosing the list or list of Stores which the committee shall have examined by tally or otherwise. He will state in this report the time when the survey commenced, and when it ended, adding any observations about it which he may think fit.

He will further report how far in his opinion the amount of Stores and the arrangements for the stowage and the security of the Stores are proper and sufficient; also whether the Stores are in good condition and well kept, or otherwise. Should any of the buildings be in a dilapidated state, and the Stores likely to be injured thereby, and should he understand, by enquiry of the Senior Military Store Officer, that no steps have been taken towards effecting the necessary repairs, he will note the same in a

separate paper; but it is not intended that he should offer any suggestions either for erecting new buildings or alterations to old ones. A form for the report is enclosed, which, with the other documents, is to be sent to me for transmission to the Secretary of State for War.

He is, moreover, to request the Senior Military Store Officer to take a copy of the list of Stores made by the Committee of Survey, and *to inform him by a written memorandum* that he is to send such explanations as he may have to offer respecting any discrepancies which may be shown, as compared with the number on the store ledger, to me for transmission to the Secretary of State for War as soon as possible after the survey has been closed.

No. 6.—INSTRUCTIONS to ——, nominated by —— to take a REMAIN OF STORES in Charge of the Military Storekeeper at ——, under the Circular Order of the Secretary of State for War, dated ——, 1859, No. ——.

Dated ——.

1. Having nominated you to act on behalf of Her Majesty's Secretary of State for War to take a remain of all the Military Stores at ——, in charge of ——, the Military Store Officer, under Order, dated ——, you will on the receipt hereof proceed to confer with ——, and make such arrangements as may be necessary for commencing this duty, in order that the same may be completed as soon as possible.

2. The remain is to proceed day by day without intermission (except Sundays or under very special circumstances, which are to be noted in the day book hereafter referred to); and if any short interval during the day be found necessary to be given to the labourers employed on this duty for refreshments, it is to be occupied in getting up the books, so that when the tally ceases the account may be immediately rendered.

3. Every day's work is to be entered in books to be kept by yourself and by the Military Store Officer, which are to be examined and signed daily by all parties. It is expected that the Military Store Office will be able to furnish books for the occasion.

4. A remain ledger is to be kept for the purpose of obtaining a total of each article, and for the entry of all receipts and issues occurring in the course of the remain, by

which the total may be affected. It is to be posted from one of the day books, and examined at the end of the remain *with your book and the books kept by the other persons* employed on this service; and from such ledger collected accounts are to be made out, in *original and duplicate* showing the total of every article in Store and actually in charge of the Military Store Officer on the day the remain closes. All the parties concerned in taking this remain are to sign these collected accounts, and the Senior Military Store Officer is to give a receipt on such accounts, acknowledging himself to have been put in possession of the several articles therein enumerated. The articles are to be alphabetically arranged in the collected accounts. One account is to be left with the Senior Military Store Officer, and the other account transmitted with *your day book* to me for transmission to the Secretary of State for War.

5. As the remains henceforth to be taken are not intended to include surveys of Stores, it will be sufficient in respect to any articles, which appear to be in a worse condition than that in which they stand on charge, that they be laid aside or marked for the purpose of being submitted (at the earliest opportunity after closing the remain) to such a Board of Survey as is required by the Regulations of 19*th April*, 1821; but, nevertheless, they are to be taken in the remain as they stand on charge, and so included in the account.

6. In addition to the detailed list of Stores taken on the remain, you are also to transmit a separate list of any of the articles included in the detailed list which may be considered to be *obsolete*, or as regards which there is not any probability that they will be required for the Service; and you will note thereon the reasons for arriving at such conclusion.

7. You will also take an account, and insert it at the end of the charge, of all the official books, articles in use, fixtures and furniture of the Military Store Officers' Department belonging to the public.

NOTE.—This remain to be held in time to enable the report to be sent to the Secretary of State not later than the month of October.

57,

General No. 1,096. CIRCULAR, No. 499.

SIR, *War Office, 7th November*, 1859.

1. I AM directed by the Secretary of State for War to transmit for your information and guidance the Circular, dated 7th November, 1859, No. 498,* addressed to the General or other Officer commanding the Forces, and to desire your special attention to the several subjects to which it refers, in order that, so far as you are concerned, the important object in view may be effected, which is to promote the best possible management of the Stores in your charge, and to secure their being preserved in a state of perfect efficiency and maintained in sufficient proportions to meet the probable wants of the Service.

2. I am to refer in particular to the 18th Clause of the "Regulations" for the Inspectors of Warlike Stores and Firemasters relative to the series of patterns and drawings of new and altered Stores, which from time to time will be placed in your charge, and to desire that the Military Store Officers and Clerks belonging to the Department under your charge will make themselves thoroughly acquainted with all changes in these and other descriptions of Stores, especially such as constitute the munitions of war, so as to be perfectly familiar with the latest patterns.

3. It is to be understood that this knowledge must not be superficial, but of that practical and minute character which will enable them to give the fullest detail of the different uses and services to which the various kinds of Stores may be applied, and to distinguish clearly such as have become obsolete from those which are still current in the Service.

4. The Secretary of State for War desires that you will impress upon the Officers serving under you, that as Military Store Officers their future advancement will mainly depend upon the extent and accuracy of their acquaintance with these important par-

ticulars and their general knowledge of the regulations which govern the duties of their Department.

5. This practical knowledge is the more imperative, as the Officers of the Military Store Service will in future accompany the Army to the Field in the place of the Commissaries of the Field Train Department.

6. You will consider it an important part of your duty as Storekeeper to make yourself thoroughly acquainted with the condition of all the Stores in your charge by as much personal attention as possible, and by exacting full and correct reports from your subordinate Officers, artificers and foremen. For this purpose you will, moreover, carefully avail yourself of the periodical surveys and inspections to bring under special notice all tools, implements or other articles which may be in any way doubtful; whether it be as to unfitness of pattern, bad workmanship or deterioration of condition, it being of the utmost importance to the Service and to yourself that no well-founded complaint should be made by any Department respecting the Stores with which you have supplied them.

7. You will demand from time to time a supply of the forms of the Annual Inspection Report and Instructions for taking the periodical surveys and remains for the use of the General Officer commanding.

8. Whenever a General Remain of the Stores at your Station shall be taken, you will attend to the directions contained in the Circular, dated 26th November, 1857, No. 178, respecting the balancing of your ledger and other particulars connected with the settlement of your charge up to the date of such remain.

I am, Sir, your obedient Servant,

To Military Store Officers in charge of Stations abroad.

War Office, 8th November, 1859.

Sir,

The Secretary of State for War having had under consideration the question, whether leases for letting War Department property at Foreign Stations should more properly be signed by the Commanding Royal Engineers or by the Comptrollers of Army Expenditure, has decided that, as it is the especial duty of the latter Officers to enter into all contracts, leases should be signed by them.

The Powers of Attorney at present held by Commanding Engineers are therefore cancelled, and similar powers will be issued to Comptrollers of Army Expenditure.

It is to be distinctly understood, that the division of duties laid down in Circular 368 is in no way interfered with by this arrangement.

GENERAL ORDER. No. 736.

Horse Guards, S. W., 1st November, 1859.

HER Majesty having been pleased to approve of an augmentation to the Royal Artillery, of—

1 Major,	5 Staff Serjeants,
7 Captains,	24 Serjeants,
8 Lieutenants,	6 Corporals,
1 Serjeant Major,	9 Bombardiers,
1 Quarter Master Serjeant,	

for the purpose of forming a new Brigade, to be called "The Coast Brigade of Artillery," the present Invalid Artillery being amalgamated therewith, His Royal Highness the General Commanding in Chief has much pleasure in notifying the same to the Royal Artillery; and as the appointments to this Brigade, both in Officers and Non-commissioned Officers as well as Gunners, will be given as a reward for good and faithful service, His Royal Highness hopes that the additional advantages thus offered will be met, on the part of those appointed, with a corresponding amount of zeal and attention, and that the very important duties which will devolve upon every individual in the Brigade will be performed in a manner worthy of commendation and calculated to reflect credit upon the Regiment.

As its name implies, the Coast Brigade will be distributed amongst the Forts, Batteries and Towers of the United Kingdom; and in addition to the duties now performed by the Invalid Non-Commissioned Officers and Gunners, will be required to afford instruction in Gunnery to the various Regiments of Militia and Volunteer Artillery Companies, as may from time to time be necessary.

The Officers of the Brigade will be stationed at convenient distances along the Coast, and will have the entire charge (under the Commanding Officers of Artillery) of the Districts allotted to them, the Master Gunners in which will be placed under their orders.

The Brigade will be composed of eight Divisions, each under a Captain, who will be responsible for everything connected with the pay and subsistence, as well as the discipline and instruction, of the men belonging to it; and he will be required to visit his detached parties from time to time to satisfy himself that every attention is paid to keeping the Guns, Ammunition, Stores, &c. in proper order, and the men in a state of efficiency.

As the men belonging to the Brigade will be old soldiers perfectly acquainted with their drills and exercises, His Royal Highness does not desire that they should be constantly drilled the same as recruits, but that they may be sufficiently so during every week to keep them thoroughly conversant with and efficient in the discharge of their duties; whilst the fact of their being accustomed to Stores, &c. will lead His Royal Highness to expect that every article in charge, and the several magazines, &c., will be kept in the very highest order.

The instruction of Volunteer Artillery Companies will be one of the principal duties required of the Brigade, and too much attention cannot be paid to uniformity in the *manner* of imparting instruction, and the Officers will be expected to take a lively interest in this important duty, and be ready at all times to afford every information on Artillery subjects to the Volunteers, who, living in the neighbourhood, will doubtless avail themselves of this means of acquiring much interesting knowledge in the science of Gunnery beyond that of the mere drill and exercises in the use of ordnance, which should, however, be made as comprehensive as possible.

In making these observations, His Royal Highness by no means wishes it to be supposed that every point has been touched on, as there are many subjects of minor detail which will suggest themselves to the Officers, and others of a local description which it would be impossible to treat of in a General Order; but His Royal Highness trusts that sufficient has been advanced to give a general idea of the duties which will be required of the Brigade, and he doubts not they will be carried out in such a manner as to add to the *prestige* of the Royal Regiment of Artillery.

By Command of HIS ROYAL HIGHNESS
THE GENERAL COMMANDING IN CHIEF.

G. A. WETHERALL,
Adjutant General.

GENERAL ORDER. No. 737.

Horse Guards, S.W., 9th November, 1859.

His Royal Highness the General Commanding in Chief, having had occasion lately to remark on the unequal estimate of crime and allotment of punishment by Courts Martial, especially as regards corporal punishment, has taken this important subject under his anxious consideration, with a view to amendment and correction. With this object he has decided upon establishing a classification of soldiers, for the purpose of maintaining a distinction between the classes as regards liability to corporal punishment.

All men on entering the Army will be placed in the first class, and will not, except for aggravated mutinous conduct, be liable to corporal punishment. They will continue in the first class unless they should incur degradation into the second class, by the commission of certain crimes hereafter specified. For this purpose His Royal Highness has further decided on classifying the offences committed by soldiers under two distinct heads. Crimes under the 1st head are to be the following :—

Absence from parade.
Drunkenness.
Riotous conduct in the streets.
Absence without leave from tattoo.
Preferring frivolous complaints.
Disrespect to Non-commissioned Officers.
Striking a comrade.
Absence without leave, as defined by 51 Art. of War.
Escaping from confinement.
Insubordination.
Making away with necessaries.
Falsely imputing improper conduct to a superior.
Sleeping on post, depending on the circumstances and nature of the service.

Crimes under the 2nd head are to be the following :—

Desertion.
Mutinous conduct.
Aggravated cases of insubordination and violence.
Drunkenness on duty, or on line of march.
Embezzling public money
Stealing from a comrade.
Theft.
Designedly maiming.
Repeated acts of making away with necessaries, arms, accoutrements, ammunition, &c.
Other disgraceful acts showing vicious or unnatural propensities, indecent assaults.

No man guilty of offences under the first head is to be subject to corporal punishment, except during time of War, when the Army is in the field.

Men guilty of offences under the second head, being crimes of a very serious description, will, if in the second class, be liable to corporal punishment. If, however they are in the first class, they will, together with their other punishment, not being corporal punishment, be disrated and passed into the second class, when they will thenceforth, on the repetition of crimes under the second head, be liable to corporal punishment, as having degraded themselves by their own bad conduct.

Uninterrupted good conduct for a year will, however, again restore the soldier from the 2nd to the 1st class, as proving a desire for reformation and amendment.

Though thus classified, it does not follow that all men under the 2nd class are to be condemned to corporal punishment.

Each case is to be decided upon its own merits, and corporal punishment as much avoided as possible; but a man who by misconduct has placed himself in the 2nd class is liable thereafter to corporal punishment, whereas the man in the 1st class is not liable to such punishment, except in the case of aggravated mutinous conduct, when severity must at once be resorted to, to repress more serious mischief resulting from such conduct.

His Royal Highness trusts that the above classification will greatly simplify, to the Officers of the Army, the method of dealing with crime; will deter the evil disposed from committing offences, justly subjecting them to severe punishment, which, the good necessary to maintain discipline, should be restricted as much as possible; and will give confidence to the good soldier, by securing to him on entering Her Majesty's

Service an immunity from degrading punishment, which immunity it will be in his power to preserve to the day when his engagement shall expire.

By Command of His Royal Highness
The General Commanding in Chief.

G. A. WETHERALL,
Adjutant General.

GENERAL ORDER. No. 738.

Horse Guards, S. W., 25th November, 1859.

His Royal Highness the General Commanding in Chief, in calling the attention of Commanding Officers to the General Order of the 9th instant, No. 737, and in order to simplify the classification therein established, is pleased to direct that all Soldiers now serving, except those who have been convicted of felony, desertion, of repeated acts of disgraceful conduct, or of vicious and unnatural propensities and indecent assaults, shall be rated in the first class; and His Royal Highness hopes that those who have, to their own shame and that of the Army, committed other offences deserving degradation, will profit by this opportunity to redeem their character, and avert the disgrace which a perseverance in crime cannot fail to bring upon them.

Previous convictions will still be produced in evidence before Courts-Martial, to enable Courts to estimate character and award punishment.

The Officer producing former convictions will also state to what class the prisoner belongs.

When Soldiers are degraded to the second class, it will be duly notified in the Regimental Order Book, as will their restoration to the first class.

By Command of His Royal Highness
The General Commanding in Chief.

G. A. WETHERALL,
Adjutant General.

MEMORANDUM.

ARTIFICIAL ARMS AND LEGS.

THE Lords and others Commissioners of Chelsea Hospital having at the suggestion and recommendation of the Secretary of State for War made Arrangements for the supply of Artificial Arms (constructed upon an improved principle) and of Artificial Legs (in imitation of the natural leg, both as to form and motion) to those Commissioned Officers who have been wounded in the Service, whose means may not enable them to provide themselves with more expensive contrivances,—it is hereby notified, that such Officers who may be desirous of availing themselves of this benefit, and whose cases may come within the above regulation, should address their applications upon the subject to the Secretary of Chelsea Hospital. It is, however, to be clearly understood, that, as this is intended to be a boon to Officers of the above description, no pecuniary allowance in lieu can be granted to Officers who may prefer providing themselves with other substitutes for limbs.

The Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force:

Regulations respecting Foreign Orders.

1. No Subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign Manual.

2. Such permission shall not be granted to any Subject of Her Majesty, unless the Foreign Order shall have been conferred in consequence of active and distinguished Service before the Enemy, either at Sea or in the Field; or unless he shall have been actually and entirely employed, beyond Her Majesty's Dominions, in the Service of the Foreign Sovereign by whom the Order is conferred.

3. The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order, must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited at the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5. After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief, if the application relates to an Officer in the Army, or to the Lords of the Admiralty, if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the Gazette, stating the service for which the Foreign Order has been conferred.

7. The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's licence and permission does not authorize the assumption of any style, appellation, rank, precedence or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British Subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British Subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British Subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Regulations respecting Foreign Medals.

1. Application for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British Subjects in the Army or in the Navy for military or for naval services, should be addressed, as the case may be, to the Commander-in-Chief, the Master-General of the Ordnance, or the Lords of the Admiralty, who, if they see fit, may submit the same to Her Majesty's Principal Secretary of State for Foreign Affairs for Her Majesty's sanction; upon obtaining which, they may grant such permission without any other formality.

2. Permission to wear a Foreign Medal cannot be granted to a British Subject, unless such Medal is bestowed for military or naval services performed by the command or with the sanction of Her Majesty. But no permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

Foreign Office, May 10, 1855.

(Signed) CLARENDON.
